

CDP upgrades Nemak's Climate Change rating from "B" to "A-" and maintains top Supplier Engagement rating of "A" for the third consecutive year

Monterrey, Mexico. April 11, 2024. Nemak, S.A.B. de C.V. (BMV: NEMAK) ("Nemak" or the "Company") announced today that it received a score of "A-", Leadership Score, in the CDP's climate change questionnaire. Reaching the A level marks a significant milestone for Nemak's Climate Strategy, as the Company continues to play a leading role in sustainable mobility.

CDP also awarded Nemak the top Supplier Engagement Rating of "A" for the third consecutive year. With this rating, Nemak remains part of the CDP's Supplier Engagement Leaderboard, which includes companies that are pioneers in driving the transformation of their businesses towards a zero-emissions future.

"This achievement underscores Nemak's commitment to sustainable mobility, and its actions to mitigate climate change, while demonstrating the continuous integration of our ESG and business strategies," said Armando Tamez, CEO of Nemak.

Nemak has adopted a balanced approach to sustainability, seeking steady year-on-year improvements, while also encouraging stakeholders to do the same. Aligned with the Paris Agreement and validated by the Science Based Targets initiative (SBTi), the Company is targeting a 28% reduction in Scope 1 and 2 carbon emissions by 2030, and Scope 3 by 14%, based on a 2019 baseline. Nemak also aims to be Net Zero no later than 2050.

About Nemak

Nemak is a leading provider of innovative lightweighting solutions for the global automotive industry, specializing in the development and manufacturing of aluminum components for e-mobility, structure & chassis, and ICE powertrain applications. In 2023, it generated revenue of US\$5.0 billion. For more information about Nemak, visit www.nemak.com/
