

Nemak included as part of Dow Jones Best-in-Class Indices, marking seventh recognition

Monterrey, Mexico. May 11, 2026. Nemak, S.A.B. de C.V. ("Nemak", or the "Company") (BMV: NEMAK), a leading provider of innovative lightweighting solutions for the global automotive industry, today announced that it has been included in the Dow Jones Best-in-Class Indices ("DJ BIC"), marking the seventh time the Company has been included in this index.

The DJ BIC are based on the annual Corporate Sustainability Assessment (CSA) conducted by S&P Global, which evaluates companies on a broad range of industry-specific economic, environmental, and social criteria. Nemak's inclusion underscores the Company's ongoing focus on responsible operations, strong governance, and long-term competitiveness in a challenging global environment. In previous years, this index was widely known as the Dow Jones Sustainability MILA Pacific Alliance Index.

"Being recognized for the seventh time as a Dow Jones Best-in-Class Indices constituent is a testament to the commitment and dedication of our team. This achievement reflects our belief that sustainability, operational excellence, and financial performance go hand in hand, and it motivates us to continue strengthening our ESG practices across all regions", commented Hervé Boyer, CEO of Nemak.

Nemak remains focused on continuously enhancing its sustainability practices, recognizing ESG performance as an integral component of long-term competitiveness, responsible growth, and stakeholder trust.

About Nemak

Nemak is a leading provider of innovative lightweighting solutions for the global automotive industry, specializing in the development and manufacturing of aluminum components for e-mobility, structure & chassis, and ICE powertrain applications.
